

## **MEDICAL CERTIFICATES**

The Federal Aviation Administration's MedXPress system allowed anyone requiring an FAA Medical Certificate or Student Pilot Medical Certificate to electronically complete their medical application (FAA Form 8500-8). Information entered into MedXPress will be available to your aviation medical examiner (AME) to review prior to and at the time of your medical examination, if you provide a confirmation number. The link to the MedXPress system is: <http://medxpress.faa.gov/medxpress/>
